MAKING DISCIPLES · PLANTING CHURCHES · REACHING NATIONS

The Start of A Church Planting Movement

Training, Sending and Serving

We have an awesome praise report for you!
As you know, our goal is to multiply disciples, plant churches and reach Nations.

That's exactly what Josh Britnell and I did in September as we traveled to Tonalá Mexico.

There, we were privileged to meet up with Miguel and Adriana Reyes as they began a new disciple making and church planting multiplication movement. They invited friends, family and neighbors to their home to receive prayer and participate as we shared our stories and God's stories. We facilitated a small group discussion. Everyone repeated Luke 10, the story of Jesus sending out 70 disciples 2 by 2 to look for people of peace, praying for them, and proclaiming the Kingdom of God.

After we finished speaking we strongly encouraged everyone to share everything they heard with their friends.

The highlight was when two elderly women (92 and 81) confessed that Jesus is Lord in our first meeting! PTL!

We're believing God for a church planting movement in Tonalá, Mexico.

Please pray for this new disciple making group to find many people of peace and start up many new groups that multiple disciples.

Thanks for Partnering with us!

Every good tree bears fruit

Thanks for helping us make a difference in peoples lives!

You are our Hero!

When I preached on bearing good fruit in Tuxtla Gutierrez and Bochil we were honored to witness people healed including an old Indian lady who was healed of cataracts.

Many people confessed Christ as Lord for the first time including an entire family in Bochil.
